Murrow has exposed this vice with the help of the people involved - prostitutes, "madams" and a businessman. And unless he had given his word not to name names he gould not have necumulated the material) for his broadcast and the world would not be discussing the scandal,

NOW the New York police IN suggest they will consult with the District Attorney to see what steps can be taken to force Murrow to disclose his sources. Courts of justice are entitled to do this if they consider the issue important. But the police are not the courts. And if they are permitted to force newsmen and editors to disclose the sources of any news story that happens to interest them, freedom of the Press will become a mockery.

A free and responsible Press. unrestricted by fear of victimisation from government or public hodies, plays an important part in the democratic way of life. But if the Press falls under a police dictatorship such as is threatened in New York men like Murrow can pack up and go fishing.

Today's is the second group of life peers created at the request of the Conservative Government as a measure aimed to improve the quality of debate and the efficiency of Britain's second chamber.

It is understood that in the present instance, Mr Gaitskell did not consider it necessary to make any recommendations. The decision to offer a life peerage to 55-year-old Sir Hartley Shawcross was thus entirely the responsibility of the Conservative Prime Minister, Mr

This news caused a revival of rumours that the Prime Minister, Mr Macmillan, would call for general elections on May 14 or May 21 (elections being traditionally held on Thursday) .

Official circles, without confirming these reports, pointed out that the way was open for elections if Mr Macmillan so decided.

If not, the government could carry on debates on general questions to keep Parliament busy until the summer holldays. -France France.

A LOSS TO LOCAL SOFTBALL

Dave Cooper Leaves Tomorrow

By A China Mail Reporter

The troopship "Nevasa" sets sail for the United Kingdom tomorrow and with it goes a very popular personality in local softball, Sgt Dave Cooper better known as the game's Umpirein-Chief. Dave says goodbye to Hongkong and softball after a nine-year's stay in the Colony, on and off between tours of duty.

BRAVES STILL FAVOURED CLINCH THE SENIOR DIVISION PENNANT

By "TIME-OUT"

In mid-September 1958 it was my privilege to preview in this column what the 1958/9 softball season held in store for fans and to give you my estimation of the chances of the various teams in the three divisions.

In the Senior league I went on record as saying that there would be no stopping the Braves with South China AA and the Saints having more than a passing interest in the quest for the title.

In the Junior section I boldly picked the PI Dodgers as a "certainty" but warned them to watch out for the Cardinals whereas the Cheyennes were delegated to the ranks of the 'also rans.'

As for the fairer sex I predicted a dull playing season for them and an even duller one for spectators....and I was never more right.

At 11.00 a.m. on Sunday "Goose" Wong and the South China team come to grips with the US Navy represented by the station ship "Pickaway" in the first of two Senior games. The sailors liven up the game with their banter but chatter alone will not help them and the only doubt I have about the cutcome of this one-sided match is the number of runs South China will score because the Navy team is a very weak batting side. "Goose's" lightning deliveries should tie the sailors up in knots
as the South China sluggers
settle down in carnest to drive in the runs.

At 2.00 p.m. a "grudge" fight will be seen. Rivalry carried forward from the past two play-ing seasons in the Junior league should result in a free-hitting

Senior game between the Cheyennes and the Seminoles. The former are understandably fed up of playing second fidddle to the Seminoles. Ray Pacheco or Lal Dayaram to start on the mound for the Seminoles? Whichever one it's going to be he hasn't got a very enviable task because the Cheyennes made a very welcome return to hitting form last week when hitting form last week when they pounded the Pandas for nine solid hits.

Hitting With Gusto

The Cheyennes pitcher Dave Malig is hitting a long ball with gusto these days and so is lefty Tony Rodrigues who has finally, it seems, found his form. Both sides are prone to silly defensive errors but the nod must go to the Cheyennes for their better hitting

In the final game of the day the PI Dodgers face the Eagles. The Filipines have been blessed with more than their normal quota of good luck in recent gomes and they might need it against a never-say-die Eagle side which, in the first round, gave Diesta and Company a big tright by going down 5-7 only.
